Salvation Bible Studies

We are thankful for increased opportunities for ministry here in our city. In the past two months, we have been able to sit down with several different groups and start a salvation Bible study. Vutha and Srey Mome transport vegetables from the capital to sell in our city every day. When we first met them, they had pieces of cactus strung up around every door and window as well as their front gate to ward off ghosts. I was able to tell him about our God who is Lord of all. Those who know Him need not fear evil spirits and ghosts! Poe'on and his wife launder clothes out of their house, and he is also a moto taxi. Both couples have been friendly and have allowed us to sit and teach them from the Bible, however it is difficult to find times when they are not busy. **Please pray** they would make time to listen to God's Word.

Naomi continues to teach a salvation Bible study with three teenage girls named Sorya, Leena, and Mey. These three girls also come to our Bible Club every Sunday afternoon. **Please pray** that the seed of God's Word would be planted deep in their hearts and bear fruit.

FAMILY UPDATES

OUR NEWEST ADDITION

Evalena, now 3 months old, has been growing like a weed and started sleeping 6 hours a night!

KHMER KINDERGARTEN

Jewel (5) and Joy (4) started attending a Cambodian Kindergarten that is entirely in the Khmer language 4 weeks ago.

MASTER'S DEGREE

Randy graduated in May with his master's degree in biblical studies which he completed online.

Children's Ministry

The Lord has been blessing our Bible Club on Sunday afternoons with nearly 30 kids and teenagers! In order to keep things orderly and facilitate learning, we split the group into two and now have a second Bible Club earlier on Sunday afternoon. The original Bible Club is now learning about Moses and the Passover Lamb. The second group is starting again at Genesis and learning about our all-powerful God who knows them and loves them. **Pray** these precious children grow in their understanding of God and the truth of His Word. Also, **pray** that we would be able to minister to the families of these children. Of all the kids who come, only a couple of them live in the same house with their mom and dad. Many live with an aunt, uncle, or grandparent while one or both of their parents work in another part of the country.

Our city of Chbar Mon

That's Interesting!

A man hauling a broken-down moped on the back of his moped

One of the interesting things about living in Cambodia is seeing the different items that people carry on the back of their mopeds. Since a moped is the only vehicle that many families own, it doubles as a family van and truck. You often see full-size hogs, racks of chickens, and even toilets being hauled on mopeds! All you can say is, "That's Interesting!"
